INTERNATIONAL SPANISH OPEN WAKO – BENIDORM 2021

Kickboxing Federation of the Valencian Community (FKMCV), with the collaboration of Spanish Kick Boxing Federation and Muay Thai (FEKM) and WAKO International federation, are going to organize the International Open of Spain – Benidorm for the year 2021.

Our intention is to propose an attractive event for participants who attend it, for two reasons:

Firstly, for the COMPETITION, which would host Ring Sport modalities that take place on a ring, and Tatami Sport modalities that are developed on a tatami, with inscriptions in all its categories and weights, from the age of 10.

Secondly, for the city of BENIDORM, as it is located in a privileged enclave and known by millions of tourists, of which many of them practice our sport. The varied opportunities for leisure and tourism offered by the city, with a climate with temperatures around 20oc degrees during that time of year, and its great capacity and variety in accommodation, offer us the opportunity so that all participants and companions, can enjoy their stay during the days they are in Benidorm.

We are talking about a top international event, where the best athletes come to continue their training in the competition and get points for the victories for their ranking and win medals of 1st, 2nd and 3rd ranked and a super trophy for the first-placed, which credits him as tournament champion in his category and modality. Without a doubt, travelling to Benidorm and achieving this trophy, is only an incentive for any kickboxing practitioner introduced in the competition.

President

During the month of November, we will be able to enjoy the WAKO International Open of Spain 2021 in Benidorm, an international tournament that will have the participation of about 1,000 athletes and that, for the first time, will be held in Spain.

After the difficult times that we are suffering throughout the world due to COVID, it is very good news that a sports championship of this magnitude has chosen the city of Benidorm in the Valencian Community as host city.

I am fully convinced that this Open is going to be a great success and hope it can become a World Championship in the coming years.

Finally, I would like to thank the personal involvement and the great work done by Jesús Eguía, President of the Spanish Federation of Kickboxing and Muaythai, and all the efforts of the Federation, public institutions, sponsors and participating teams that have made it possible to celebrate this event.

ANTONIO PEREZ PEREZ
Mayor of Benidorm

Benidorm, always open and welcoming, receives and greets the participants of the participants of the Spanish Kickboxing Open 2021, an international event that for the first time will be held in our country.

This is one of the main attractions that positions Benidorm as a reference and epicentre of international competitions. In recent months, top level sporting events have been taking place in a city that supports them.

For Benidorm, the place of happiness, this is a very special opportunity mto show its capacity and conditions to host these competitions, which also project the image of a leading tourist destination and contribute to organisational and sporting success.

In the hope of a demanding competition that will bring the greatest success to teams, athletes, sponsors and managers, we open the doors of the city of Benidorm to them, and the hearts of the people of Benidorm.

May this November's event be a great success and become a WAKO KickBoxing World Series event, and that Benidorm together with the Spanish KickBoxing and Muay Thai has contributed with this.

JESUS EGUÍA MARTÍN
Presidente FEKM

SPORT VENUE - PALAU D'ESPORTS L'ILLA DE BENIDORM

The competition would take place in the facilities of Palau d'Esports L'Illa in Benidorm, where, with its two sports courts, one next to the other, with a total of 110 meters long and 45 meters wide, has the appropriate space for the development of such an event. Its two stands on both sides of the courts facilitate the stay of the athletes' companions during the course of the competition, with a cafeteria prepared to serve all of them in the best possible conditions. Its 13 locker rooms give more than enough coverage for athletes participating in the Open, judges and referees who will be in charge of the development of the competition, officials in the event and a nursing post to be able to attend to possible small mishaps that can arise.

THE CITY OF BENIDORM

city &
beaches

Located in the heart of Marina Baixa, Benidorm is a city with a Mediterranean soul. It has 300+ sunny days a year, kilometre-long urban beaches and crystal clear waters. Locals call Benidorm the "Skyscraper City," elevating it to the same level as other world-renowned cityscapes and skylines, like New York and Hong Kong.

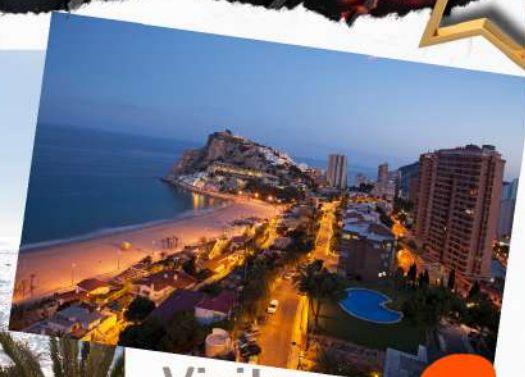

Traditionally, Benidorm has been a city populated by fishermen and their families. Take a walk through its Old Town and discover the vestiges of the town's seafaring past, like Calle Mayor, Plaza de Canalejas or the castle, all of which have a charming cultural legacy. In Plaza del Castillo, there's a spectacular viewpoint that shouldn't be missed. (It's called the "terrace of the Mediterranean" because it offers unbeatable views of Benidorm's coast.)

Separated from each other by a popular promenade, the Levante and Poniente beaches are known for their wide range of services and restaurants. These are accessible beaches with something for any type of traveller. The Old Town, located between both beaches, is home to Cala de Mal Pas, a small site known for its charm and incomparable beauty. In front of it, the Benidorm Island is paradise for scuba divers and those who love to be out on the water.

Of course, you can't visit Benidorm without trying its delicious cuisine. Unique rice dishes, cocas and sweets made from the best of both the sea and land are the norm here, giving rise to a different kind of gastronomy that represents the essence of the Mediterranean.
